

The Neuro Attachment is used for all prone position procedures. We offer a supreme range of Three Pin Head Mayfield Fixator, which is suitable for brain surgery. This Neuro attachment has been developed & manufactured with innovative quality to meet the demanding needs of Neurosurgeons.

Features : The skull clamp has the additional feature of a swiveling C-Arm.

This swiveling capacity greatly facilitates positioning the pins on the head around nerves, vessels, and thin bone in the temporal region.

For better result, the arm is locked by control knob and the width is adjusted by a ratchet mechanism.

The three cone-shaped pins available in adult and child sizes are interchangeable and may be removed for sterilization.

NEURO ATTACHMENT

Ortho Attachment allows the table to be used for the lower extremity procedures. Our orthopedic attachment is purely made of stainless steel which resist corrosion.

Features : The Medex International Orthopedic Attachment can be used with any of our operating table.

In addition, a pelvic support plate is supported on top of the frame and is formed with an asymmetrical construction. Stirring Instruments allows flexion/raising of legs & stirring/string ball joints locked from foot end.

Two traction devices on sliding spot with ball joint allowing flexions & rotations of foot with traction shoe with metallic sole.

Padded orthopedic knee crutches/provides support to the legs of the patient.
